

HAMDAAH

IQBAL

Dynamic Data Scientist | Python Programmer |
Machine Learning Specialist

PROFILE

A **curious & conceptual mindset** with a strong focus on advanced machine learning and deep learning methodologies. Possessing a solid mathematical foundation and a fervent interest in technology, particularly artificial intelligence (AI) and data science. Actively involved in diverse generic projects and collaborative initiatives to expand knowledge and skills across various methodologies. Committed to leveraging AI to extract actionable insights from complex datasets and driving advancements in data science.

EDUCATION

- | | | |
|------------------|--------------------|-------------------------------|
| • PIPS | 2018 – 2020 | Science – A+ |
| • ASPIRE COLLEGE | 2020 – 2022 | ICS – A+ (distinction) |
| • UCP | 2022 – 2026 | Bs Data Science – 3.5+ |

WORK EXPERIENCE

- **2020**-Present - programming languages (learning)
- **2022**-Present - data science (learning)
- **2023**-Present - data science (**teaching**)
- **2023**-Present - data science projects (**self-employed**)

I have immersed myself in both teaching and learning, a parallel journey that deepens my conceptual understanding.

SKILLS

- Advanced Python & Databases (MySQL)
- Advanced Machine Learning & Deep Learning
- Mathematical & Statistical Analysis
- Efficient Utilization of AI Tools
- Microsoft Office

ACHIVEMENTS:

- Scholarship holder throughout academic career (**self studios**)

PROFESSIONAL ATTRIBUTES:

- Effective Communication & Team Collaboration
- Ambitious & Career-Driven with a Passion for Excellence
- Exemplary Ethical Standards and Professional Conduct
- Diligent and Strategic Worker
- Rapid and Continuous Learning Aptitude
